Employment History

SoulPancake

Los Angeles, California & Minneapolis, Minnesota

Intern (April 2011 - June 2011) Front-end Design & Development (June 2011 - Present)

Starting as an intern and growing to be a contractor, I worked with a small team from around the country to update and develop new features for SoulPancake's system. Leading the front-end creation, my responsibility was to design, prototype, refine and deploy HTML, CSS and jQuery pages.

Tutor & Teachers Assistant

Minneapolis, Minnesota

Bindery Production (October 2010 - June 2011)

(October 2009 - June 2010)

Working with client's products, I cut and bound printed material to produce their final item.

As a tutor, I helped fellow students increase their understanding in front-end theories and languages.
